

Terms and Conditions

§1

1.1) A refund is excluded.

§2

2.1) Sharing our Tools isn't allowed under any circumstances, if you are trying to bypass these restrictions, it will result in a permanent ban for that Tool.

§3

3.1) Should you manage to get yourself permanently banned by any circumstance, after a period of 7 days, you will lose access to all the tools you have purchased.

4§ - Reseller

4.1) This will apply for EVERY single reseller NEW and EXISTING regardless of if they bought one of our generators or not.

4.2) The lowest price you are allowed to sell any of your keys is always 2/3 of the price for what you would have to pay on BG. This means the lowest price you are allowed to sell Scylla for would be 40€, for Cosmetics 10€ and so on. (Small differences to come to an even amount in your currency are allowed). For example 13\$ instead of 13,37\$ but NOT 10\$ instead of 13\$.

4.3) You have to calculate your minimum price based on €. Just because you add ¥ instead of € to the 40 (which would be way less) doesn't mean you are good to go.

4.4) There is no maximum price.

4.5) If you bought a generator you have to invite Doctor, Newbie and me to your server so we can see that you set the prices correctly. We don't want or need any rights for this. Just an invite.

4.6) If you kick/ban anybody of the people that are named in point 5, don't invite them or set wrong prices/don't adjust them after one of the people from point 5 told you, you will receive a permanent ban from BG. This includes this DC, our Forum, and all of our tools including the generator. Of course you aren't allowed to create, join or use any of our tools ever again.

4.7) If we get notified that you're using our Products and/or your Server/Shop to scam people you will permanently lose your access to everything you bought and our entire network.
